

GENESIS
SUPER THUNDER BLADE

Round 1: City

Sway in a Figure 8 motion. Shoot both sides of the tank then move to the middle, while avoiding approaching missiles he shoots.**

Seaminer Commander (CVA-65):

Sway left to right (only the length of the Battleship), while avoiding the fireballs.

Round 2: Caves

** See below.

Fujii Sub-Commander (TU-027):

Hold Button C down and fire left side of the plane, then to the right, then to the middle.

Round 3: Ocean

** See below

Aqua-Lyzer Sub-Commander (SSA-01N):

Do not land. Continuously shoot. Sway in a circular motion.

U-JAC-001 Commander:

Sway left and right while continuously shooting.

Note: You can fly over the three thrusters. Only sway the length of the jet.

Round 4: Refinery

Stay at the top center of the screen continuously shooting.

Sigma-01 and Sigma-02:

Circle around the entire screen while continuously shooting.

Large Ship:

Shoot each item that is spitting bullets at you at least 12 times. When a single spherical body is left, hover in front of it and continuously shoot.

**In the Hard Mode, Rounds 1-3, stay in the upper left or right corner and continuously shoot. You won't get hit at all.
